# STREETWISE

Streetwise is a new safety awareness program designed to help young people be aware of the places they can find help and ways to keep safe when travelling on their own.

## TIPS TO KEEP SAFE

- Keep your valuables and phone hidden.
- Avoid walking alone in isolated places.
- Plan your route in advance.

## SAFE PLACES

If you are out and about in the community or travelling on the underground in Enfield, there are more than 200 safe places where trained staff can help.

# COMMUNITY HELP-POINT SCHEME

Did you know the Community Help Point Scheme (CHiPS) creates safe places across Enfield for you to use?

Shops, businesses, schools and the underground stations will help you if you are hurt feeling unsafe, bullied, worried or if you have been a victim of crime.

CHiPS points can make a call for you or give you somewhere to wait until you feel comfortable and safe to continue your journey.

If you are in trouble – look for the CHiPS logo and go in and ask for help.

# LONDON UNDERGROUND HELP-POINTS

Sometimes whilst traveling on the **tube** you might need to seek help because you are lost, at risk or feel vulnerable.

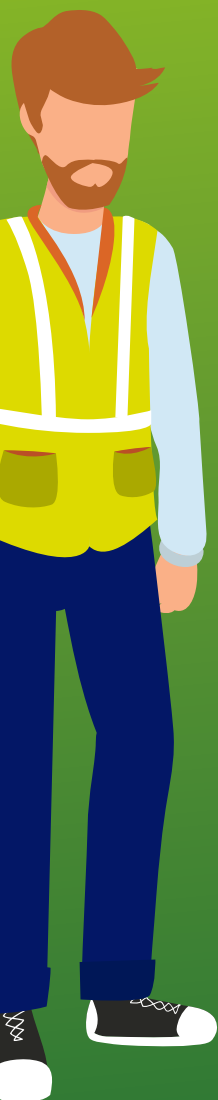

If you need to get help, you can use the **emergency alarms** near the doors on every carriage or the '**Help Points**' located on the station platforms or concourse.

**The alarm buttons on the Help Points are used to:**

- raise a fire alert
- ask for information or help
- report an emergency

For safety, the **Help Points** are monitored by CCTV cameras so that a member of staff in the control room can view and speak directly to you if you press the button.

- There is a volunteer group working in partnership with the Police, community groups, residents, schools and local businesses.
- You may see the volunteers walking in and around Southgate on the last day of school at the end of each half-term.
- The volunteers are vetted and are there to help keep the community safe. You can ask them for help or directions and can tell them about any issues you may have seen.
- You can recognise the volunteers by their bright yellow jackets they wear.
