Students that have not purchased a ticket on these days will not be allowed to have a Christmas Lunch. Between the 11th and 16th December the daily spending cap will be increased to £7.90 so that students can purchase their ticket. Please ensure there are sufficient funds on your child's account to enable them to purchase a ticket. You can top up your child's catering account through ParentPay or alternatively, students may pay cash into the top-up machine located outside the refectory.

Students entitled to a free school meal will need to collect their ticket from the Refectory but will not need to pay, the ticket will register on the student's account as Christmas Lunch £0.

Apart from the usual service at morning break, **no other food will be available on Tuesday 17th December**. It is therefore extremely important that students either obtain a Christmas Meal Ticket between the **11th and 16th December 2019** or bring their own lunch on that day.

Yours faithfully
