Dear Parent/Carer

Re: Sports Participation

One of the PE Department's core ambitions is to increase students' participation levels in physical activity and sport. So that we are better able to ascertain the current levels of participation in sport outside of school we would appreciate your help and ask that you complete this short extra-curricular activity survey on your child's activity levels: <https://forms.gle/hStjeqRxo9mYwkv19>

The main aim of the survey is to help us adapt and improve our curriculum and extra-curricular programme to ensure we are better suiting the needs of our students. Please be assured that participation levels will not be discussed or shared with any individual students.

We are also aware that a large number of students within the school participate at a high level of sport outside of school. Whilst we know the successes of many of these performers, we want to ensure that we have a fully updated list so that we can better support our top sports performers and celebrate and share in their successes.

Should you wish to discuss the matter further, please do not hesitate to contact me at the school.

Yours faithfully

Mr C Chapman
Head of PE
