Dear Parent/Carer

Re: Year 10 GCSE Subjects

In order to support your child in making maximum progress in their GCSE's and ensure they are fully equipped to manage the demands of their GCSE subjects, we would recommend they study for 1-1 ½ hours per evening.

At the end of the last academic year, I wrote to you with recommendations from our English, Maths and Science department, these were to be carried out in addition to their homework set.

Students in Year 10 have now been given recommendations from all of their subjects which they should look to complete on a regular basis, they have been given a hard copy in form time. These recommendations for achieving success in their subjects can be found on the Year 10 Firefly page here:

<https://ashmole.fireflycloud.net/year-10-4/introduction-to-gcses>

More information about the different courses and examination boards for each subject can be found on Firefly.

In addition to this valuable information, we have delivered an assembly to inform students about how to achieve maximum success in their GCSE's with guidance from their Head of Year and further sessions will follow in Form time, to embed their study skills.

If you have any further questions or queries in regards to this process, please do not hesitate to contact me by email.

Yours faithfully

Ms I Best
Assistant Head Teacher
