The primary focus for your child this year will be the completion of their University/Apprenticeship applications and preparing for their A-Level public examinations next summer. We will spend the Autumn term reflecting on how to build on the end of Year 12 examination results, and preparing for the Year 13 Mock examinations. I have listed some key dates for this term below:

Another key focus for your child this term, will be looking at how to be effective using time spent 'outside' of the classroom, with a particular emphasis on exam practise and long-term revision. Pastorally, we will be looking at self-care and well-being during times of pressure.

You can find out what your child will be learning in each of their subjects through the curriculum section of our website here: <https://www.ashmoleacademy.org/page/?title=Curriculum&pid=93> . There will be a progress check towards the end of September/beginning of October for all Year 13 students and we will be hosting a Parents Evening in January 2024.

I look forward to working with both you and your child to ensure your child's academic success and personal development in their final year at Ashmole Sixth Form.

Yours faithfully

Mr El Sayed
Deputy Head Teacher
