

18th September 2023

Dear Parent/Carer

In previous years, we have made a request to parents that a voluntary contribution be made to Design and Technology subjects. This policy has been approved by the School Governors. The contributions will be used towards paying for some of the materials used in lessons.

Families affected by the cost of living crisis are not expected to make a contribution.

We obviously hope that all parents who can, will make a contribution. The amounts requested for the whole year are as follows:

| | | | | | | |
|---------------|---------------|---------------|----------------|----------------|----------------|----------------|
| Year 7 | Year 8 | Year 9 | Year 10 | Year 11 | Year 12 | Year 13 |
| £10.00 | £10.00 | £10.00 | £10.00 | £10.00 | £20.00 | £20.00 |

The contributions requested from KS4 and KS5 are for single subjects, those from Years 7,8 and 9 are for all areas in Design and Technology.

Contributions should be made using ParentPay.

Thank you in advance.

Yours faithfully

Miss Gordon
Head of Design and Technology
